

Dear Ron Yates Wines Family,

We are sad to announce that effective Midnight March 20,2020 we will be closing our tasting room to the public to comply with Governor Abbot's Executive Order. Please know we have your safety and the safety of our employees at the highest point in our minds.

We will be **open for curbside sales and wine pickups daily** at our Tasting Room in Hye from 11 am to 6pm. Adjustments will be made as the situation evolves and we will notify you immediately of these changes. Don't forget that we have wine available for sale 24hrs a day online for pick up or direct to you shipments.

In thanks to our faithful clientele, we will be offering a **flat rate shipping of \$10** for all shipped orders. If you purchase a **case or more shipping fees will be waived**. You can either call the tasting room at (512)585-3972 or visit us online at [www.ronyateswines.com](http://www.ronyateswines.com).

As we have gotten to know so many of you in the past few years, our lives and our business have been greatly enriched. We as a family have been living our American Dream of owning our own business. This time will be tough for all Americans and we encourage you to support your local small businesses and your community as safely as possible.

Let's use this time to slow down the pace of modern life, reconnect over the phone with a loved one, enjoy a glass of wine and a good meal with your family, and all in all remember that our lives may be distanced at the moment but we can still connect. We hope that you can use our wine to share with a neighbor, send to a family member or just relax while watching the sunset.

Also, keep us up to date on how you are spending the next few weeks. Share your experiences on our [Facebook](#) and [Instagram](#). We will be sharing some bits of our time away too and how we are preparing for a great future.

**Your support means the world to us!**

Thanks for being a part of our family,

Ron, Glenna, Kara and the rest of the Ron Yates Crew
